Hello Heidi,

Thanks for your second message.

Your earlier voice message indicated that this was a good day for” all the people that would be involved”, which is why I thought I was not clear originally about my meeting request. I wanted to chat with Tim briefly to get an update on this subject.

I think we now have that clarified, that the call is just with Tim and I. However, I am in an all day meeting next Thursday 4/25, so that day is completely out. I had requested this week or early next week.

Please give me some other possibilities. Thanks!

Michele

Good afternoon Tim,

I would like to schedule a call with you sometime this week or early next week to go over the status of addressing the statewide aquifer exemption issues.

Would you give me a few times when I would be able to reach you, and I will set that up.

Thanks,

Michele
